

ILCA World Championships COVID-19 Notice

It is the intention and goal of the organizing authority to hold these events as scheduled.

As everyone can recognize, the COVID-19 pandemic is ongoing and many travel restrictions have been in place for some time. Although the latest information received indicates improvements, the situation remains dynamic.

Neither ILCA nor the event host can guarantee entry into the country for any competitor. It is up to each potential competitor to evaluate his or her personal situation and make logistical and financial decisions about their ability to participate and the possible risks involved.

Specified in the Notice of Race: After entry applications are opened and until the start of the event the organizing authority will monitor the novel coronavirus (COVID-19) pandemic or other potential disruptions to the event and, having regard for the health and safety of all participants as well as any government travel restrictions or government mandated conditions on gatherings that affect participation in or conduct of the event, may at its sole discretion:

- Postpone or cancel the event,
- Change the status of the event from a World Championship to an International Regatta,
- Alter the maximum number of entries,
- Reduce a country's allocated number of places,
- Make any other decision deemed necessary in the circumstances.

Please check the ILCA event website regularly for further updates as more information becomes available.
